NEW RELEASE. PRESS RELEASE

BLACK ROOTS. ZOOM c/w BOOM. NRT09

This new release from the Bristol ROCKERS is a Reggae version of the 1982 top five chart hit originally performed by the FAT LARRY BAND. It is produced by MAD PROFESSOR. The rhythm section was laid down at the MUSIC FACTORY in CARDIFF with overdubs and mix completed at the ARIWA SOUND STUDIOS in London.

A 7" Version was contemplated but it did not seem appropriate to us, particularly when it would have meant editing down a song, from its original length, to make it fit a format more traditionally accepted for Radio airplay. The 12" version is marginally over 5 minutes in length.

Distribution is through JETSTAR PHONOGRAPHICS and REVOLVER (via THE CARTEL)
